Possible eemerging challenges ➡️

## Theme 1: Structure of the Comprehensive Cancer Infrastructure (CCI)

| Criterion	Target state
1. Scope of the CCI	The defined scope of the CCI is fully comprehensive (regarding topics and treated entities/cases)
2. Structure of the CCI	Members of the CCI are named
	Written cooperation agreements between the members are signed.

DIGICORE involvement in CCI4EU project

Deep Dive: a team of up to 10 multidisciplinary experts conducts up to 3 site visits over a period of 19 months to assist the development of that CCI by identifying gaps, barriers and solutions for improvement.

The final list of Deep Dive Experts is expected in March 2024

DIGICORE will propose two Deep Dive Experts

CCI4EU Information sessions on experts role in the next 30 November
